THE WORLD NEVER BEFORE SAW SUCH A MASS OF HOME TESTIMONY GIVEN TO ANY OTHER MEDICINE. Hampton's Vegetable Tincture! THE GREAT DISCOVERY OF THE AGE!

Testimony from Home!

Baltimone, Sept. 11, 1851.

Meneral Morbiner & Mowbray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Tincture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accompanied with palpitation and fluttering of the heart. I had such sudden attacks that on one occasion I could scarcely get home. I making mention of my case to a friend, he referred me to Joseph S. Stapleton seq., an old and highly respectable citizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Stapleton, and, after an interview of some minutes, I was fully satisfied of the medical virtues of the Tincture, from the evidence before me, of his own person, who, for some time previous, indicated a failing state of health, but now a hearty, hale appearance, with the activity of youth. I immediately commenced using the Tincture, and, before I took the contents of one bottle, my strength was renewed, and I can walk as brisk and am as active as I was twenty years ago. This Tincture is the grand restorative of the digustive organs, which when destroyed, the whole system is in a state of suffering.

I do assert it is no humbug, but is, in reality, what it is represented to be by Dr. Hampton, the inventor.

Wonderful Cure of Hereditary Scrofula by Hamp

ton's Vegetable Tincture!

This certificate is from the pen of a gentleman who ame appears on the journal of Congress, one who is extervaly and favorably known: alvely and favorably known:

"It affords me pleasure to state that Dr. Jesse Hampton's
Tincture has effected a most extraordinary cure of my slave
boy, Albert. The patient was three years old, and had the
Scrofula—(his father was scrofulous.) The boy was a moving
mass of sores from head to foot; the upper lids of the eyes
were much swollen, and turned inside out, exhibiting horrible mattering ulcers that protruded over the eye-balls so as
to produce blindness. It is strange, yet true, this child, that
I felt resigned to see die as a relief from suffering, has been
restored to health under the treatment of Dr. Hampton.

"W. P. THOMASSON.

REV. VERNON ESKRIDGE, U. S. N.

PORTEMOUTH, VA., Aug. 18, 1851.

Mr. J. B. Boush—Dear sir: While I am, in general, opposed to patent medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family: and in dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

I am, respectfully, yours,

Chaplain United States Navy.

Still another Witness for " Hampton's Vegetable Tincture!"

This certificate is from one of our largest and most enter-prising farmers—the owner of those splendid oxen exhibited at the late Agricultural Fair, and who, in person, did the ploughing, with the same, that took the premium. We mention this, as, before Mr. Horne took the Tincture, his condition was such as to despair of even visiting the Fair, much less taking such a laborious part as he did, to the astonishment of those who had seen his state a short time BALTIMORE. Feb. 4, 1852.

Massrs. Mortimer & Mowbray—GRNS: Having been afflicted with Chronic Inflammatory Rheumstism for some time, in its worst form, I tried every remedy that came within my reach, without any success; in fact, my sufferings increased with every new remedy I tried, until I was carcely able to walk, from the dreadful pains and swelling in my limbs. I had also an ulcer formed on my right wrist, which gave me intense pain.

sage increases with every new remedy a tree, atthese searcely able to walk, from the dreadful pains and swelling in my limbs. I had also an ulcer formed on my right wrist, which gave me intense pain.

When in this condition, Mr. Scott, Conductor on the Susquehanna Railroad, with several others, called my attention to the many wonderful cures made by Hampton's Vegetable Tinoture. I determined to give it a trial, as a last resort. You well remember my sufferings at the time I got the Tinoture from you—they were aimost past endurance. I am happy now to inform you that, in a short time after taking it, I was relieved from pain, and could walk without difficulty, and in about four weeks I was enabled to take part in the ploughing match at our late Agricultural Fair. The ulcer on my wrist is now entirely cured, and I am in the enjoyment of the very best health, with no symptoms of my old disease; all of which I feel bound to say I owe to the great healing and restorative qualities of Hampton's Vegethe great healing and restorative qualities of Hampton's Veg table. Tincture.

My great confidence in it has induced me to recommend it to others, and I have also seen its good effects in a number of cases. My little daughter had been in bad health for some time: no medicine seemed to reach her case, or to do her any good, until I gave her this Tincture of Hampton's, which soon restored her to robust health. I do thereton's, which soon restored ner to the sound to the valuable fore cheerfully bear my testimony in favor of this valuable medicine, and I wish you to send me a dozen bottles, that I may always have it at hand. Yours, respectfully,

Stronger—Still Stronger!

Can any unprejudiced mind in the world ask stronger testimony or more convincing proof of the great restorative and curative powers of Hampton's Vegetable Tincture than given below? The writer is one of our most highly esteemed citizens, a man of integrity, and, it is extensively known, has been for a long time suffering under disease; his altered appearance now is a subject of remark, and gives additional testimony and weight to the certificate below. He is also the son of the old Doctor Dunan, whose great skill as a physician is well known to most of the oldest inhabitants of this city:

Messrs. Mortimer & Moubray—Gentlemen: It is with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vegetable Tincture. Some time during last November I was taken with a very bad and serious cough. I was advised to take Cod Liver Oil, and did so, but, getting no better, I was induced to try your Tincture. I got one bottle, and, before I had used it, all my cough left me. Permit me also to state, that for the last fifteen years I have suffered very much from Acute Rheumatiem and Fertigo, confining me, at times, to my bed: I am fully convinced that I owe my present good health to the use of the Tincture, and a kind Providence.

You are, my friends, at liberty to use this as you may think proper; and believe me. of the Tencture, and a kind Providence.

You are, my friends, at liberty to use this as you may think proper; and believe me yours, very respectfully, G. DUNAN.

Notwithstanding the scurrilous remarks made by a certain vender of the Chickering Pianos, that "the instruments made by Hallett, Davis & Co., are worthless, perfect humbugs," &c., we can only say that we do not offer the public any but what are the genuine H., D. & Co.'s; and competent persons, honest, without prejudice, have pronounced them equal, if not superior, to any heretofore offered in this city, and at a saving of one hundred and fifty dollars! Whatever humbug there may be elsewhere, there is none here; and, on behalf of the manufacturers, we challenge competition, and request the public to examine, judge, and decide for themselves. paratory to starting on the expedition to Japan. The Demands of the Bolters. It is pleasant and refreshing to turn from the xciting and acrimonious declamation of politicians to the clear, cool, just, and sensible outbreathings of the PEOPLE of the South. Of the latter, we find a fair specimen in the New Orleans

Delta of the 8th instant. That paper says: "By the want of harmony we were compelled to submit to an inequitable adjustment, and then, ots to promote some little dirty party or personal schemes, we made the breach between our pe ple wider on the merits of a fait accompli. the past has taught us the folly and inutility of battling for Southern rights until we of the South are perfectly united; it has also shown the great danger and impolicy of continuing a sectional dispute by which we have already lost o much, and are likely to lose much more. Hence, we are opposed to all agitation at present. We are for submitting to the present—and for the future, sufficient is the evil thereof. What we have got we can fight for when it is assailed. Let us wait until it is. There is nothing to be made but sport for politicians by putting my and knocking down straw-men, though you may write Disunionist and Freesoiler on their breast. Nor can you now, as in the days of William the Testy, conduct political any more than physical warfare, by bulletins, proclamations, pleages, platforms, &c. These are all bruta fulmina. The stubborn Freesoilers are not Mongols, to be scared off by fright-ful figures of Chinese on the walls devouring them by wholesale. You may pass as many resolutions as you choose. You may scare your Presidential candidates into all sorts of pledges for Southern rights. You may push through Congress resolutions every month, declaring that the fugitive slave law is a law; but whilst all these manœuvres do not advance your interests an inch, you are only showing your own weakness, exposing your hand to your enemy, and giving him strength and encouragement for future ag-

"How true is all this in regard to the eleven respectable Southern gentlemen who issued the address published in Tuesday's Delta! They are, no doubt, prompted by the very best mo-tives; but what have they accomplished, and what have they exposed? They have accomplished nothing, except to creat a temporary dissension in their party; but they have exposed the want of harmony of Southern gentlemen on a question deemed by them vital. These gentlemen believe that the safety of the South demands certain pledges from the North before they can go into convention. There is no doubt, in their minds, it is a matter involving the Union-one which overrides all others, and surpasses the obligations of party. And how, in their own party, does this expose show the Southern gen-tlemen stood on this question? There were present in the caucus, to vote, twenty-one Representatives from the South. Of these, eight voted for exacting this vital pledge, thirteen voted against it. Among the latter, are Senators Underwood and Mangum, Representatives Grey and Ward, of Kentucky, Porter, of Missouri, Cullom, of Tennessee, Stanly and Moorehead, of North Carolina. Of those who voted for exacting the pledges, but eleven were willing to sign the address to the Whigs of the South warning them of this dangerous manœuvre. Where, on this occasion, were the other eminent Whig Senators and Representatives of the South? Where were Berrien, Badger, Dawson, Jones, Bell, and Geyerall Senators, and honored chiefs of their party? Where were Stephens, Toombs, and a host of other younger Whigs, who lead their party in

the House of Representatives?

"Now, here, in a matter of such critical moment, is a melancholy exposure of the discord and disagreements among our own sectional representatives. It is the old story. Had we not better PUT OFF AGITATION UNTIL FURTHER AGRESIONS, REGIN TO THEFATEN GRESSIONS BEGIN TO THREATEN, or at least until some approach to harmony and unioncan be effected in our ranks ?"
